Thessaly University attended the meeting online.

The meeting was held as planned in accordance with the agenda.

All partners made their presentations.

All the partners stated that they found the advancements of the project very successful.

The evaluation of the intellectual output of the IO3 ("The right of disabled people rights" course), in which all steps of the project were successfully, has been completed.

Comparative evaluation of the questionnaires prepared by each strategic partner has been made.

The documents required for the completion of the project were requested from the strategic partners.

A consensus was reached with the strategic partners on the feasibility of a new project from the outputs of the project.
